

VC ST Raphael Waite Contracts New Hard riders course for 2017

VC ST Raphael Waite Contracts New Hard riders course for 2017

19th February 2017

*****Press Release*****

Velo Club ST Raphael Waite Contracts have decided to raise the bar for 2017 as our event from the feedback we received this year's was a success, we wanted to create a New Hard Riders course to mix things up a little. Some people call it the hell of the South but after riding this it I'm calling it "The Pain on Portsdown Hill" slightly longer than my event from this year but I also tougher. I will be offering a prize for (Gran Premio Della Montagna or for Strava Fans KOM) at the 4.5 mile marker but the prize will only be awarded if you complete the full course. The event will consist of two categories TT and Road bike category and I am reaching out to the roadies of the world why not come and see how you fair up against some of the best Testers in the South DC area and possibly further afield.

Why my event..... Good prizes, well marshalled and another course record up for grabs but best of all loads of cake.....

Feel free to train on this course and see you on the 19th February 2017
